

Application:

The EAGLE PATROL SECURITY model EGL898 is a versatile field lighting solution specifically designed for public security, traffic control, and emergency response scenarios.

-  Adopts safe, rubber-sealed, and explosion-proof structure design, and the overall protection level reaches IP66
-  Used for a long time in harsh environments such as outdoor rain and snow
- LED** High-efficiency LED light source. The maximum lighting power is 190W
-  360° surround lighting and single-side lighting in three directions
-  The maximum lifting height is greater than 4m
-  Include a large-capacity high-energy lithium battery pack with low battery self-discharge rate
-  Equip with bright red and blue warning lights that can be turned on separately, with a visual distance of up to 1Km
-  Small size and light weight
-  Dual control: the lighting operation panel can realize three-level dimming

Specification:

- Rated voltage: DC 22.2V
- Battery capacity: 25Ah
- LED light:
 - Rated power: 190W
 - Life time: 100.000h
 - Luminous flux: 21.000 lumens
 - 10m illumination: 700lm
- Type: Flood + Spot
- Warning light: Red-blue
- Lighting time:
 - Strong $\geq 6,5h$
 - Medium: $\geq 10h$
 - Low: $\geq 13h$
- Charging time: $< 4,5h$
- Dimension Extended: 790 x 790 x 4000mm
- Weight: 12,5kg
- Protection level: IP66
